Milk / Juice

TUESDAYS LUNCH MENU

Hot dog
Twist fries
Baked beans
Salad / Fresh fruit
Assorted dessert
Milk / Beverage

TUESDAYS DINNER MENU

Spaghetti / Sauce
Corn
Garlic toast
Salad
Chocolate cake
Milk / Beverages

Menus are listed as published and are subject to change

Wisconsin Basic School

The cadets are doing great and have come along way in the last day and a half. Today they learned about the importance of physical activity and healthy eating, leadership and teamwork skills, aerospace education, worked on improving drill skills and had time for “fun with a purpose” by playing ultimate Frisbee.

Leadership activity: Key Pad Punch

Cadets take turns and touch the numbered plates in numerical order. Teams compete against each other with each cadet having 10 seconds to touch as many plates as they can. This fun activity teaches the cadets teamwork and communication.

Major Terrence Schmitt teaches a class on the core values of Civil Air Patrol. The core values are the fundamental doctrine which guides cadets to be positive roll models in Civil Air Patrol and in their community and country.

Great Lakes Region Cadet Honor Academy

The color guard members have come along way in looking sharp in the last 24 hours. Though there is still much to learn, they will continue to improve.

Today they were able to practice in their blues. They continued to learn about the importance of being a team; flag folding; arm commands with the rifles; public speaking and impromptu speech; CAP seals and emblems, the components of them and what they represent; how to retire our National flag; presenting the colors and how to wear their uniform as well as how to stand for a uniform inspection. Their fun time also included a game or two of volleyball.

The Great Lakes Region Honor Guard Academy continues to strive for excellence as a team. Practice, practice, practice!

Wisconsin Cadet Academy

The cadets are doing great and are learning to become better leaders. On Monday, they learned about the following: Accountability and attention to detail; the chain of command; leading drill evaluations; participated in leadership activities; learned how to use their time more efficiently; learned how to give an impromptu speech; learned the many different leadership styles and how to delegate authority to others and follow through with the order to make sure it is done. Sound like overload to you? Not to worry, they also were able to play volleyball to relieve stress.

Cadets continue in classroom participation and in learning.

Wisconsin Staff School

The cadet staff continue to learn how to lead and plan activities. They have become more focused and are developing into fine young men and women leaders. Their attention to the task at hand is becoming more pronounced. Keep it up staff!

Cadet Chief Master Sergeant Samantha Albright is firm, but not abrasive and is standing tall.

Senior Staff Command

Left to Right: Lieutenant Colonels Chris Trossen (Logistics Commander) with a Starburst, Peter Fabian (Planning Section Chief) working as usual but with a smile and John Lange (Support Branch Officer) who just loves having a good time. These Colonels will brighten your day with a ready smile.

Photos by 1st Lt. Patricia Miara

Left to Right: Lieutenant Colonel Dean Dolence is doing paper work and First Lieutenant Duke Stepp is having fun; First Lieutenant Greg Turdo (Ground Support Unit Officer and Supply Officer) always has a big smile on his face; First Lieutenant Terry Litts (pilot) and Lieutenant Colonel Jerry Krueger (Air Operations and Communications Officer) take a break;

Photos by 1st Lt. Patricia Miara

Front to Back: Lieutenant Colonel Jerry Krueger, First Lieutenant Duke Stepp and First Lieutenant Terry Litts are having some good old fashioned fun just talking, with a bit of silliness thrown in for good measure.
